

Nicola – Lost 35 kg

Before I started using 'Cellular Nutrition' products, I weighed 90.6kg and wore size 14. I was lacking energy, and suffered from severe depression, chronic insomnia, sinusitis and psoriasis. My facial complexion was red and patchy, my nails were paper thin and constantly splitting, and I was experiencing daily hair loss.

August 2011 – Age 48

Then I started using 'Cellular Nutrition' and my health and life changed dramatically!

I now feel healthier and younger than I was 10 years ago! I have plenty of energy and no longer suffer from the medical conditions described above. My hair and nails are strong and healthy, and my complexion smooth, soft and free of redness.
